WHY NOT CREENSBORO?

Some of Our Advantages for the Manufacture of Buggies.

You may take your stand on any prominent street in Greensboro, and you can count from fifteen to thirty buggies going in all directions; some to meet the trains, some to the country, while others seem to have no other mission than simply going for pleasure. Their wheels may be heard in every direction, far and near, by night as well as by day.

Think for a moment of the vast number of vehicles in daily use in our city, county and state, and you will be simply astonished at the immensity of the world-wide field; then consider that for every one of these vehicles some one has paid from $40 to $100 and in many cases even more.

Should we not manufacture these at home and keep our money here in North Carolina? Why not?

There is some other material used in the manufacture of buggies, but the principal thing in them is hickory timber, and North Carolina produces the best grade of hickory that can be found in the United States. What are we doing with this timber? cutting it down and shipping it north in crude state, and after the freight is paid we have scarcely enough left to pay the expense of preparing it for shipment. In the course of time we will find our timber all gone and nothing left to show for it.

Why do we persist in doing this? What builds up the great northern cities? Manufacturing, of course. Then, why shall we not build up our towns and cities?

North Carolina affords many advantages over the large northern cities. The one great draw back there is labor strikes. Then, the price of labor, and many other things that we do not have to contend with in the south. Take for example a buggy factory in a great northern city; the ground alone upon which it is built costs more than it would cost to operate a large successful plant here. So, by the time a factory is built on this expensive ground, and all equipped, it costs four or five times as much as the southern plant, and is twice as expensive to operate. Then, if the northern manufacturer can buy our timber, ship it north at a heavy expense, manufacture it at a profit and ship it back, why can we not make the manufacture of buggies profitable here in Greensboro? We have cheap labor, no freight to pay, and the timber growing almost within our corporate limits.

There are several buggy manufacturers in the south and they have done well, but what we need is more. A buggy factory with $25,000.00 capital could employ about seventy-five men and almost every dollar would be spent at home, while a merchant can put $25,000.00 worth of goods on his shelves and employ only four or five clerks and people would scarcely know he was in town, and at least eighty per cent. of the merchant's money is spent in the north for goods. This money, of course, never returns.

We need stores, also houses to rent, but if we do not manufacture something, what will our tenants find to do? Who will buy our goods? Wake up, we have been asleep long enough. If we ever expect to be worth much we must stop shipping our raw material out of North Carolina and build our own buggy factories, or let the northern man come where the timber is plentiful.

THE TELEPHONE FRANCHISE.

An Effort to Have The Aldermen Change Their Decision.

Mr. T. J. McAdoo, the efficient manager of the Greensboro Telephone Exchange, is endeavoring to have the granting of a franchise to the American Telephone and Telegraph Company reconsidered by the board of aldermen. We hope he will be successful. The Telegram believes in competition, but competition in the telephone business usually forces the weaker concern out of business, and if they both survive, business people are forced to the necessity and increased expense of using both systems.

We know that many towns and cities get a cheaper rate than Greensboro; but it is not good business to let in a concern whose policy is to rule or ruin. In the event the American gets a foothold here the rates would not be sufficiently lowered to make two phones as cheap as one and the majority of business houses would be compelled to use both. The telephone business has heretofore not been a big thing in Greensboro, and Mr. McAdoo has worked energetically and faithfully to get his system establish. He now gives fairly good service and the rates are lower than where the Bell company has full control.

We hope the board of aldermen will reconsider the matter and, if no more, limit the American people so there can be no unfair advantage taken of our present system.

TWO FAST TRAINS COLLIDE

Several Killed and Many More Badly Injured.

NEAR RAHWAY NEW JERSEY.

The Washington Express Crashes Into The Pittsburg Flyer as The Latter Was Slowing Down.

By Wire to THE TELEGRAM.

Colonia, N. J, Dec. 21—The Washington Express, one of the fastest trains on the Pennsylvania railway, crashed into the "Pittsburg Flyer" in a fog this morning two miles west of Rahway. Several persons were killed outright and many others were fatally injured. Two hours after the apalling disaster ten of the passengers were still pinned to the wreck.

Persons who were at the scene of the wreck say the block system was not used at that point. The railroad employed an automatic signal system instead, to regulate the running of trains which saved the expense of hiring employers to watch. The engineer of the "Flyer" did't see the signals at the point where the block system begins. He reduced the speed of his train for this reason.

The engineer of the Washington Express saw no signals and when the Flyer showed up ran into her at full speed. The crash was terrific and the giant locomotive of the express ploughed half way through the sleeper of the flyer.

Those known to have been killed outright are: W. DeWolf, Parkersburg, W. Va.; and the porter of the parlor car, whose name was Knight.

Those injured are; Pullman Conductor Welsh: Frank Irish, Chicago, general passenger agent of the Chicago & Western; Engineer Vaudeveer, Washington, and Fireman Zance.

About twenty others are more or less seriously injured. A number of women were pinned in the wreck for several hours.

Before the Investigators.

By Wire to THE TELEGRAM

Washington, Dec. 21—General Miles, before the war investigators today, among other things, testified that he opposed the landing of a large number of troops in Cuba. He did not think the supply of medicines was ever sufficient, and said that Gen. Young might have camped on high ground. In reply to General Shafter's statement that the surgeon could get all the medicine needed, he said General Wood told him that four men of the Thirty-third Michigan died from a lack of medicine.

An Outbreak Feared.

By Cable to THE TELEGRAM.

Auckland, New Zealand, Dec. 21—Advices from Samoa say that serious trouble has occurred in the election of King. The German consul is supporting the candidacy of Matafa, who has assumed a warlike attitude. Foreign residents of the Islands fear an outbreak between the rival tribes.

By Wire to THE TELEGRAM.

New York, Dec. 21—The board of health says there is no occasion for alarm from the grip epidemic. The death rate is low and the epidemic is not particularly severe. All street cars and elevated railroads have been ordered disinfected.

By Wire to the Telegram.

Guenada, Miss., Dec. 21—The Illinois Central passenger train was held up last night at Pope's station by two men. They were unable to break open the express car door, however, and fled without securing any booty.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C. Dec. 21

The W. C. T. U. will hold an anniversary of the temperance crusade of twenty-five years ago tomorrow night in the M. P. church. Addresses by the state president, Mrs. Mary E. Cartland, of this place, and Rev. T. M. Johnson, of Greensboro. Everybody cordially invited.

Now that the telephone question is about settled, the local exchange has added several new phones.

The first reception of the winter season complimentary to the Home Lyceum, was given last night by Mr. and Mrs. O. N. Richardson and Miss Annie Pleasants, Mrs. Richardson's sister. Games and the finest quality of refreshments were the main features. To say that the participants were highly entertained would be putting it mild. They were royally entertained.

The city aldermen of Charlotte have declared against fireworks Christmas, making it a fine of $50 on any person or persons who shall set fire to or explode any firecrackers, fireworks or explosives of any kind. No person or persons are allowed to sell or keep for sale any of the above named goods without paying a license of $5.00. The Charlotte aldermen displayed a great amount of wisdom in the enactment of such laws as the above. We think that if any of those powerful cannon crackers that are offered for sale here are fired during Christmas that our people will be sorry that our board did not think about passing such laws. We never wish a person any harm only when he deserves it. So we trust that any person who will be so foolish as to blow up twenty-five cents in one of those "earthquakes" will get blown up with it.

House and Senate.

By Wire to THE TELEGRAM.

Washington, Dec. 21—There was a small attendance in the house today. Several bills were passed by unanimous consent. On motion of Mr. Dingley, the house adjourned at 1:05.

In the Senate Mr. Hall moved executive session, the ayes and nays were demanded and a roll call disclosed an absence of a quorum. The senate is considering the nomination of Hitchcock for Secretary of the Interior. The nomination will be confirmed before adjournment.

Fatal Collission.

By Wire to THE TELEGRAM.

Wilkesbarre, Dec. 21—A New Jersey Central freight train got beyond control at Yatesville and crashed into the rear of a Delaware and Hudson freight, wrecking the engine, twelve coal cars and six freight cars, and fatally injuring Conductor Stark and Flagman Heephers.

BEST ENTERTAINMENTS

Such as The Andrews Opera Company Are Giving.

An opportunity of hearing grand opera presented in our city by the Andrews Opera Company, the most celebrated company now traveling south, is a treat which our people very seldom have advantage of. If they will turn out and show their appreciation by a good attendance they will no longer have to depend on a northern trip to see a good show. This company has just filled an engagement in Durham, and from the Sun we make the following extracts:

A good size audience greeted the Andrews Opera Company when Flotow's famous romantic opera, "Martha" was presented at the Durham Opera House last evening. The audience was composed of the best people of this city.

* * *

We beg to assure the readers of the Sun that nothing has ever appeared here, which in our judgment better deserves the patronage of the people of Durham. Manager Mallory and Hackney should be heartily encouraged in their efforts to furnish the best entertainments such as those the Andrews Opera Company give.

Back From Kingston.

Mr. T. D. Clegg, a brother of W. F. Clegg, returned last night after an absence of twelve months from the city. Soon after leaving here he went to Kingston, Jamaica, where he established a business and became very successful. He is looking well and his many friends are glad to welcome him home again. He will spend the holidays at home and will probably return to Kingston in the spring.

Directors A. & M. College Meet.

The board of directors of the Agricultural and Mechanical colege, in this city, for the colored youth of the state, met here today. Messrs. W. W. Long, of Washington, D. C., Jas. F. Post, Jr., of Wilmington, N. C., and Col. Thos. B. Keogh, of this city, compose the board. Mr. Long is employed in the agricultural department at Washington.

John Jones and Nettie Winchester, a col red couple, called on 'Squire Eckle shortly after noon today, and in the presence of a few friends, were made man and wife.

This couple had not been gone long when the 'squire was called again. This time it was a white couple—Jas. W. Fogleman and Miss Cora L. White.

AT THE NATIONAL CAPITAL.

Many Represetatives Are Leaving the City.

WILL SPEND HOLIDAYS AT HOME.

Senators Butler and Pritchard Coming to North Carolina—Richmond Pearson Talks Some More.

Special to THE TELEGRAM.

Washington, D. C., Dec. 21—The attendance in the house of representatives yesterday was very small, which indicates the near approach of the holiday recess. Many of the members have left the city, and but very few more than a quorum were present at the session in the house. The holiday recess being for two weeks from tonight, most of the representatives will spend the brief season of recreation at their various homes. In the senate yesterday the attendance, in proportion to the membership, was larger than in the house, but that fact was probably because the subjects under discussion in the senate at this time are of more importance than in the lower branch of congress.

Both of the North Carolina senators were in Washington yesterday, Senators Pritchard and Butler being on the floor of the senate. Very few of the North Carolina delegation in the house were at the capitol. Among those at the capitol were Representatives Pearson, Skinner and Martin.

Senators Butler and Pritchard will both spend the recess of congress at their homes in North Carolina. Most of the delegation in the house have made their arrangements for leaving the city immediately after the adjournment of the house this afternoon. Representative Pearson, whose family is here, will spend a portion of the recess and probably Christmas day in Washington.

Yesterday afternoon on a roll call which was demanded on a certain measure, a quorum was just barely present in the house. Since the adjournment last night many of the members have left the city, and fear is expressed among the republican leaders as to their ability to hold a quorum together this afternoon. Should a quorum disappear, the house will be unable to transact any business this afternoon, should the fact become manifest.

The presidential party reached Washington yesterday morning on their return from the south, about half past eleven. General Wheeler was seen at the white house and stated that the receptions accorded to the party throughout Georgia and Alabama were very enthusiastic, and that each and every member of the party derived much pleasure from the trip. President McKinley expressed his enjoyment of the visit south, and is feeling much better than when he left Washington a week ago. Mrs. McKinley, who has been in somewhat poor health for sometime is said to be standing the fatigue of the long journey very well.

Nearly all of the members of the cabinet visited the white house yesterday afternoon to bid the president welcome back to Washington. Among the callers was Secretary Bliss, of the Interior, whom it is now stated on authority will resign from the cabinet by the first of January. There is much talk as to who will be the successor of Mr. Bliss. The names most frequently mentioned are Hon. Binger Hermann, of Oregon, commissioner of the general land office, Hon. Richard C. Kerens, of Missouri and Hon. H. Clay Evans, commissioner of the pension bureau. Among members of congress the prevailing opinion seems to be that the Hon. Binger Hermann will enter the cabinet as secretary of the interior.

Representative Pearson, of North Carolina, was seen at the capitol yesterday afternoon. He stated that he has fully determined to contest in the ninth district, the certificate to which has been awarded to the democratic candidate. Mr. Pearson says that he presumes there will be contests from other districts, but is not certain. The contest will be based upon the charge of illegal voting, intimidation, and fraud. Mr. Pearson says that he has a clear case, and will convince the republican majority in the House. The North Carolina representative is not enamoured of Governor Russell, and pays his respects to the Governor in plain language.

The National Union Bank of Maryland, of Baltimore city, has been approved by the comptroller of the Currency, as reserve agents for the Commercial National Bank, of Charlotte, North Carolina.

Mr. J. C. Snoddy, of Greensboro, is in Washington on a business trip, and is stopping at the National Hotel.

Southern Railway Dividend.

New York, Dec. 20—Directors of the Southern railway company in this city today declared a dividend of 1 per cent. upon preferred stock.

On account of a strike at the factory Thacker & Brockmann received a shipment of men's four dollar tan shoes way behind time. Of course the manufacturer had to make a concession in the price and as Thacker & Brockmann want these shoes to move off quickly, they have made the price $3.00 straight, If you want a pair of the very best, new up-to-date winter $4.00 tan shoes at $3.00, now is your chance.

Lieutenant Miles Testifies.

By Wire to THE TELEGRAM.

Washington, Dec. 21—Lieutenant Colonel Miles, General Shafter's chief of staff, told the war investigators today about the positions of the two armies before Santiago, and said the Spaniards were so conspicuous there was no necessity for any reconnaissance on the part of the Americans to determine their force. He said there was no doubt that there were Spanish sharp-shooters between the Spanish and American lines, but they were unable to find in a single instance a Spanish sharp-shooter firing on our hospitals in the rear, or on our flanks.

Decree to Be Issued.

By Cable to THE TELEGRAM.

Paris, Dec. 21—The court of cassation will not accept the secret of Dossier unless it is also communicated to Marnard, counsel acting in the interest of Mme Dreyfus. A decree embodying the Kunical Pronouncement, which Col. Picquart asked to have made in regard to the manner of his trial will be issued the present month, settling the question as to whether it shall be civil or military.

WEDNESDAY, DEC. 21, 1898.

President McKinley for just a few short hours wore a confederate soldier's badge; but now he has returned to Washington and left the badge behind. The confederate soldiers whose bodies lie in trenches or in unmarked graves are still moulding in southern dirt, the twinkling stars the only sentinels o'er their silent tombs; but what of the living—those old gray-haired, maimed and battle-scarred vets who followed Lee and Jackson and "Jeb" Stuart? Are they to receive no more than the cheerful and comforting thought that when their weary bones no longer ache the dirt will be scraped up over them in shapely mounds? One writer has said it is only one step from "caring for the graves of the confederate dead" to caring for the living. That is quite true, for with many of the living it is only a step to the grave. The man with sufficient magnanimity of soul to propose that the north join the south in caring for the living confederate veterans is the man to whom humanity should doff its hat. You can't do a thing to make a fellow more comfortable after he is dead.

For once Senator Butler is on the right track. Yesterday he proposed the following amendment to the pension appropriation bill:

"That from and after the passage of this bill every pension law shall apply to every invalid soldier, widow, minor child, dependent relative, army nurses and all other pensioners, without regard to whether said soldier was enlisted in the federal or confederate service during the civil war."

It is stipulated that no back pension is to be drawn To carry this plan the amount of the pension bill is increased from $144,000,000 to $244,000,000, and the number of agencies is increased from eighteen to thirty. Let us hope the amendment will be adopted.

It is claimed that Germany, in spite of professions of friendship for the United States, is very jealous of her in her operations in the Philippine archipelago. Ever since the Americans destroyed the Spaniah fleet at Manila bay, German naval and civil officials, and in fact German citizens, in the far east, have been making ugly faces and numerous unfriendly acts have been reported from Hong Kong and Manila. They think, perhaps, that it is only just a little dewy over there; but if they continue their monkey business they will find it exceedingly damp.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. E. Holton.

Two hundred couples in Canada, who were illegally wedded by American preachers, will have their unions legitimized by Dominion legislation.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by C. E. Holton.

Overcome evil with good. Overcome your coughs and colds with One Minute Cough Cure. It is so good children cry for it. It cures croup, bronchitis, pneumonia, grippe, and all throat and lung diseases. Howard Gardner.

Beats The Klonkike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

The lion and the lamb may lie down together, but has the lamb any assurance of a protracted future?

We believe in futures—not in wheat that is to grow, but in things that are now—real things,

---

For instance, if you are ambitious to make a future for yourself, you must work hard and to that individual end.

Again—if you desire to keep warm in future, don't stop to count the cost, but come at once. We have them in all sizes and the price is $14.00. Chinchilla Overcoats.

enthusiastically of something they have purchased in these days of Bargains,

The past week men bought and told their friends, and their friends bought, and so on.
